1 Spacious kitchenette with stainless steel sink, 2-burner gas cooker and cold and hot water connection. Next to it: Top-loader-Engel MB40 cool box (40 l). A freezer (10 l) is located under the fridge. 2 Convenient partition curtain in the aisle to the driver's cabin including an organiser storage compartment system. The curtain fulfils several functions - primarily insulation against heat and cold. In addition, it provides excellent privacy. 3 The bathroom with shower, toilet and sliding door can be quickly installed in the entrance area. The picture shows the dry separation toilet. 4 U-shaped seating area at the rear for up to 4 persons - can also be converted into a bed. The sleeping area measures a comfortable 1300 x 1950 mm. The locker bags also offer plenty of storage space for clothes and other light items. In addition, there is further storage space in the tall cupboard.

Tom's WorldCruiser 5: Extremely spacious vehicle based on the legendary Land Cruiser 70 series. Until now, ample living space was only feasible in the larger truck-like vehicle groups. However, due to their increasingly complicated technology, these are no longer suitable for expedition trips. Combining our travel and technical know-how, we have developed a cabin that blends the advantages of the reliable Land Cruiser, revealing more living space than previously envisaged. The WorldCruiser 5 offers standing height with the roof closed, is fully insulated and completely furnished.
